Notice for Nursery to Class XII

Dear Parent

Hope that this finds you all in the best of **health** and **spirits**. As the whole country is alert trying together to fight the pandemic, each one of us has the moral responsibility of keeping ourselves and children and senior citizens safe. It is advisable to be safe but not to spread panic. We have schools closed, by the orders from the government till **2nd of April 2020**. But to make up for the lost time, we hope to start our **classes online** and send assignments and recorded videos and leverage technology so that children can learn and productively use their time. We request you to please procure/make available gadgets needed for online learning.

Requirements for the online classes – A Computer/Laptop/Tab/Mobile phone with internet connection, an updated Browser and a printer. Through this endeavour there will be minimum loss of time and we will get back our connect with our students and also ensure learning goes on. For this to be possible we need your help in making technology (gadgets) and net connection available.

All our schools have shut down right now to help in social distancing but the online classes will start the moment teachers join back. We will keep you posted of the timeline for the same.

We are sending an advisory assignment on **CORONAVIRUS** as well. Please use that for teaching the children about the epidemic and ways and means of being safe.

All the assignments (classwise from Nursery to Class X) are being uploaded on www.sunbeamschools.com. Please visit the site and download your ward's assignment as per the class he/she will be in, in the session 2020-21. Help your child research and understand precautionary measures to ward of this pandemic. The completed assignments must be handed over to the new class teacher on the first day of the new session opening.

For all the new entrants to the Sunbeam family (all new admissions) everything mentioned above will be applicable.

Be safe and let's work together to get over this pandemic

Bharti Madhok
Director
