

CHRONICLE

**Excellence
is a
Journey,
not a
destination !!**

In today's fast paced world upskilling is a continued process and as we rejoice the 50 glorious years of success and fame we also reflect upon the fact that the efforts to be the best have to be on-going. Hard Work can never take a back seat and hence we strive to better ourselves daily !! The Chronicle of July-August bring to you the success of our Students in the Board Examinations and various other competitions. We extend our sincerest Congratulations to the Parents and Mentors who have helped to shape them but while we celebrate their success we also add a word of caution and say that one must always stay humble in Victory and take it as yet another milestone in the journey of achievements and that this is not the destination !!
