Defying odds, beating adversity, setting examples for every one around are qualities that embody an inspiring teacher story.

Ms. Arshi Ansari, a Maths teacher, has displayed these qualities at Sunbeam School, Lahartara, Varanasi. Growing up in a conservative muslim family, her commitment to complete her education allowed her to pursue her dream of becoming a teacher.

Ms. Ansari is a passionate teacher and sees math in almost everything around. She has impacted the life of 1000s of students by her magical touch. Despite the medical emergencies during pandemic, she has been devoted to her students while balancing her family life.

Congratulations! for being recognised and honored by **ASMA** (adoption of social media in academia) for your exemplary work in the field of education.
