“ The pandemic has made us realize that it is imperative for education to prepare students for a future that none of us has seen. Education today is not just about content coverage, it’s all about a deep understanding of subjects and their application, developing higher-order thinking skills, design thinking, and solving problems creatively. Taking these requirements into consideration, Sunbeam Group brings to you Sunbeam International Varuna powered by the hugely successful Cambridge Pathway. We are starting off with Cambridge Primary and Cambridge Lower Secondary and will eventually take it forward all the way to Cambridge IGCSE and Cambridge International AS & A Level with students allowed to join at any stage. Welcome to the next important milestone of the Sunbeam Journey
