*Celebrating 5 Decades of
Excellence in Education*

From the Chairman's Desk

Jai Hind!!

Congratulations to everyone associated with Sunbeam as Sunbeam turns 50!

The Golden Jubilee celebrations at Sunbeam is an effort in understanding the making of this great educational edifice, its traditions, its achievements and its trust with destiny and embark with vigor and energy to make the next 50 years shine even brighter.

All year through, we have lined up various events to celebrate this momentous occasion and I invite you all to be a part of the same and soak in the spirit of celebration and festivities.

Before I end, I would like to salute the great contributions of a number of stalwarts, past and present, who with their untiring effort and infallible diligence, have made Sunbeam what it is today. Their passion and commitment will continue to rule the hearts and minds of every respective individual whose destiny crosses with Sunbeam. We believe that illuminated minds and inspired souls will lead us towards a better and more evolved world.

Deepak Madhok
Chairman

Radiating iridescence of knowledge!

The birth of Sunbeam

It often takes a deeply motivated resolve to create a legacy which will prevail over time and create a tradition of excellence. A saga, which will eventually win the respect of intellectuals and critics alike; one such inspired resolve saw the birth of Sunbeam.

The magnanimous organization had a very humble start. It all began in a small rented apartment in the year 1972 when guided by their deep rooted desire and the blessings of the divine, Dr. Amrit Lal 'Ishrat' Madhok and Mrs. Deesh 'Ishrat' Madhok, both educators par excellence planted the seed of Sunbeam. They for long had cherished the dream to bring to Varanasi, a school which would uphold the ancient traditions of the city of eternal knowledge and amalgamate it with a modern vision to create a legacy which would continue to evolve with the progression of time.

Here's to a place, which over these 50 yielding years has proven its deep rooted prowess in academic and co-curricular distinction, humanitarian dispositions, sustainable transitions and holistic individual transformations. Sunbeam as a visionary institution will continue to adapt and evolve staying true to its roots.

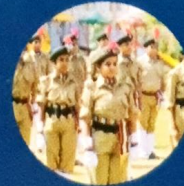

*"A single sunbeam is enough
to drive away many shadows."*

- Saint Francis of Assisi

The Sunbeam Philosophy

Duty, Devotion & Discipline, these three simple yet immensely powerful words create the pillars of philosophy for the school. Sunbeam as a premiere educational institution of North India treats these three words as a religious doctrine which is embedded deep in the hearts of our students, academic and administrative staff alike. We are forever guided by the duty to impart proactive and progressive learning to the thought leaders and change makers of tomorrow. Our devoted efforts find an illuminated reflection in the educational and co-curricular achievements of our students. And, the values of deep rooted discipline are what empower the students to go beyond the obvious and create a history of unparalleled feats.

Footprints on the sands of time!

Our 5 Decade Journey

Our first step itself was a challenge and a test of faith. We had just 32 students who took admission when we commenced our journey. It was a litmus test for our conviction and required us to stay motivated, believe in our deep rooted philosophy and treat each student individually to bring out his natural flair and expertise. This approach paid the dividends and we were soon amidst the consideration sets of parents who would prefer objective driven education over esteem and social influence. This was enough for us to take little steps forward and gather the strides with time. Today we have withstood the tests of time and traversed a universe which has landmarks emerging out of Kashi and encompassing almost entire Uttar Pradesh along with key cities in North India.

*When you are empowered,
your responsibility grows manifold.*

Our expansion and evolution

A tree that keeps growing its branches and expanding its reach is a tree, which has been silently growing and strengthening its roots below the surface. We at Sunbeam have been working on our strengths and have kept our principles sacrosanct all through these 50 years.

We have created avenues for conviction led individuals to partner us in our journey and raise high the flag of our group of institutions. This has proven to be pivotal in catapulting our goodwill in North India. 7 Core Schools, 4 Boarding Houses, 2 Women's Colleges, a free school in Grameen School Karsana this is what has been our humble contribution.

All our dear students have excelled in their chosen fields and portray a progressive Indian's traits to perfection. It is the unfailing trust of our parents, students and teachers that keeps our roots alive and nurtured.
