FIVE DECADES OF EDUCATIONAL EXCELLENCE

Dr. Amrit Lal 'Ishrat' Madhok
FOUNDER FATHER OF SUNBEAM
02.11.1930 - 18.05.1989

Mrs. Jagdish Rani Kaur
(Mrs. Deesh 'Ishrat' Madhok)
FOUNDER MOTHER OF SUNBEAM
10.09.1933 - 01.06.2003

Jai Hind !!

I am Sunbeam!

You see, I am on the verge of completing 50 years.

But I am not growing old; rather, I am growing wiser with a wider clarity of purpose, more CREATIVE, more COMMITTED & more CONFIDENT by each passing day.

They say, a golden jubilee is one of the best occasions to look back & look ahead together, at the same time, through the prisms of today.

So why not take this journey together.

Let me take you to a small rented apartment in 1972 where after long deliberations on the dining table and off it over cups of coffee, I, a seed of learning, was planted by Dr. Amrit Lal 'Ishrat' Madhok and Mrs. Deesh 'Ishrat' Madhok, both educators par excellence, to bring to Varanasi a school which would uphold the ancient traditions that this knowledge capital had to offer tempering it with a modern vision. Inspired by the quote of St. Francis of Assisi, "A single sunbeam is enough to drive away many shadows.", SUNBEAM got its name and the simple but powerful 3 words of Duty, Devotion & Discipline, which in itself covers realms of all academic pursuits, was chosen as my motto, the guiding light, so to say, which continues to illuminate the work - life path of all my students and staff members. The motto is so religiously embedded in our hearts that my schools started being called "The temples of learning". The journey was not easy but the initial faith of the 32 students who took admission was enough for me to take little steps forward. The seed started growing and soon the seed of learning turned into a sapling and today it has become a huge tree of Knowledge.

7 Core Schools, 4 Hostels, 2 Women's Colleges, a free school in Gramin School Karsana, my own small way of contributing back to the society, 19 Associate Sunbeam Schools dotting all important towns and cities of Eastern UP, around 32000 students enrolled and almost the same number who have passed out and, today, are torch bearers of a

progressive India in various distinct capacities... Well that's my expense.

What keeps the roots of 1972 alive and strengthened is the huge trust of the parents, students and teacher fraternity. The journey of education at Sunbeam is the divine journey of refining the soul and the mind to think. And I, Sunbeam, will continue to breathe this very vision, perhaps stronger than ever in the march onwards toward the century.

Here's to a place that has always weighted heavier than the paper scales of a mere 'school', which through these 50 yielding years dived deeper into academic and co-curricular transactions, humanitarian dispositions, sustainable transitions and holistic transformations and will continue to adapt and evolve staying true to its roots.

I take this moment to express my gratitude to those hands that have nurtured me lovingly down the years and continue to do so. I convey my deepest congratulations to all my Sunbeams.

Let your Inner Sun Shine and illuminate the world around!!

Jai Hind!

Late Mrs. Sartaj Kaur Ahluwalia, the first President of the Sunbeam Schools Society from 1974 to 1982 and her husband freedom fighter late Mr. Bhogot Singh 'Janki'

FROM THE CHAIRMAN'S DESK

"A single sunbeam is enough to drive away many shadows."

• ST. FRANCIS OF ASSISI

Greetings from Sunbeam Group of Educational Institutions.

It feels great to pen down a message as we celebrate 5 momentous decades of touching lives and spreading light, the Sunbeam Way. Year after year, through the five decades, Sunbeam Schools have gifted to the country 'morally upright, academically excellent, gentle mannered young men and women who have made a positive impact in society'. We aspire to walk that path. The golden jubilee celebrations will be a time for not just celebrations but also for reflections and remembering and offering our tribute to the visionaries behind the Sunbeam vision.

My grand-mother and the first president of the Sunbeam School Society 'Late Mrs. Sartaj Kaur Ahluwalia' envisioned this edifice of learning in memory of her freedom fighter husband 'Late Shri Bhagat Singh Jamke' who gave away his life for the country during the freedom struggle. Their Daughter and my mother, 'Late

Mrs. Deesh 'Ishrat' Madhok', starting her life as a Teacher, the first Principal and Secretary of Sunbeam School carved out this institution and became the lady who lit the 'light of education' in this part of India. Prof Dr Amrit

Lal 'Ishrat' Madhok my father, a teacher, head, writer and poet guided us through the stormy seas of the first few decades.

Sunbeam today is a realization of their noble dreams. This capable family of our Sunbeam Ratnas.. the extremely hard working and dedicated admins, teachers, staff and support staff will continue to build on this wonderful foundation, fostering a learning environment where our 30,000 Sunbeams will thrive and outshine themselves and always keep moving forward towards excellence in all fields. Today you can find a 'sunbeam' in almost all corners of the world with the magic salutation of 'Jai Hind'!

"If you can't fly then run, if you can't run then walk, if you can't walk then crawl, but whatever you do you have to keep moving forward."

All the BEST and keep MOVING !! Follow the Light !!

Deepak Madhok

Chairman

FROM THE HONOURARY DIRECTOR'S DESK

"Educating the mind without educating the heart,
is no education at all"...

• ARISTOTLE

This quote can be the plinth on which stands the magnificent 50 year edifice of Sunbeam. At the core of the Sunbeam philosophy is the fervent thought that all endeavors with the children may manifest in action of the mind, but originate essentially in the heart.

Over 5 decades of ceaseless toil, this, according to me, has been the driving force that guides administrators, teachers and caregivers in the Sunbeam fraternity. We envisaged an environment where the mind is truly without fear and the smallest voice is heard with gravest attention. Our efforts have therefore been towards building citizens of the global village who proudly wear their unique identity but are equally respectful of others' as well.

For me, every Sunbeam epitomizes the spirit of the new, developed India, nurtured in the value code of a rich historical legacy and equipped with the 21st century skills to contribute to global growth... And the 28 institutions of the Sunbeam Group are a proud testimony to the same. I dedicate these pages in immense gratitude to thousands who have been our companions in this incredible journey of 50 years...

Let's walk together to a better tomorrow...

Best wishes,

Bharti Madhok

FROM THE HONOURARY DIRECTOR'S DESK

50 years it is! Golden Jubilee
Thus how far Sunbeam has come.

Kudos to the Founders whose vision brought the torch of education to Varanasi - a city older than history. From their selfless giving and sacrifice, the seed sown in 1972 has not only germinated into a full grown tree with branches but also hundreds of people in the market place (Alumni) boast of its formation embedded in Sunbeam and are 'morally upright, academically excellent, gentle mannered young men and women who make a positive impact in society'.

We hope that we continue to bring change and provide empowerment, leadership skills, fun learning environment, positive values, sporting skills, social competencies, opportunities to master evolving technology and personal identity to all Sunbeams enrolled with us.

Congratulations to Sunbeam for the 50th anniversary!

Keep shining and keep inspiring!

Leisure time activities give 360 degree opportunities to children to explore their innate talent and excel.

THE SUNBEAM PRECEPT

The Education policy in this country has perhaps been brought more sharply into focus in the last decade than at any other time in history. Creating a progressive and supportive learning environment which offers every school student the opportunity to explore and develop their potential is a constant challenge. At Sunbeam Schools, we are always looking to adopt and evolve our curriculum (The Sunbeam Precept) and teaching to establish a platform for success for all our pupils.

All children inherently love to learn. Learning for children is a discovery of the self and a yearning to share that discovery with peers, teachers and parents. To help children become happy and responsible citizens of the world community, Sunbeam Schools provide much more than mere syllabi and examination oriented education.

We address the myriad learning requirements of the child.

The Sunbeam Precept, the formalization of our own experiences and adaptations from the progresses made in the outside world is based on the programmes and pedagogy of National Curriculum framework and immersing the provisions of NEP. Sunbeam aims to develop in its students the values, skills and knowledge that will help them become active and responsible citizens in an increasingly interconnected world. The diversity and flexibility of the pedagogical approaches respects the children as active contributors to and participants in the learning process.

Sunbeam's teaching staff is enthusiastic and energetic, whilst all being qualified to teach their specialist curriculum areas, attend subject specific workshops and related conferences to ensure that

the pedagogical philosophy and quality of the educational delivery are maintained. Continued professional development is a requirement for all staff members.

THE SUNBEAM KG SECTION / JUNIOR SCHOOL PRECEPT

In the KG section and Primary school the children's natural curiosity and enthusiasm form the basis for an enquiry based approach to learning.

Using our own well researched KG Programme, teachers create a stimulating and varied learning environment that allows each student to progress according to his or her potential.

Children are encouraged to share their diverse social and cultural experience and to develop the ability to think analytically, see connections among ideas, and be imaginative and creative actors in their own learning. A variety of assessment methods, including student self reflection, allows continuous evaluation of the learning process and regular feedback to both the children and the parents.

In addition to language (reading, writing & oral communication), mathematics, science and technology, social studies, visual arts, music, drama, social and physical education, children are exposed to French as a foreign language.

The use of computers and technology is an integral part of classroom work. Various age appropriate Ed-tech tools make teaching learning transactions interesting and engrossing.

THE SUNBEAM MIDDLE SCHOOL PRECEPT

The Middle School curriculum (classes VI to VIII) provides for a thorough study of the various disciplines, whilst maintaining the holistic approach of the Sunbeam Learner Profile.

It encourages students to realize that solutions to many questions often require insights drawn from various area of knowledge, along with social and interpersonal skills that facilitate cooperation and teamwork. It fosters personal responsibility, sensitivity towards the environment we live in, and openness and tolerance towards different cultural traditions.

The continuous and comprehensive assessment of the student's progress against a set of criteria linked to the objectives of each course informs the teaching and learning process during the year, and students have the opportunity to demonstrate their achievements in final exams. French or Sanskrit is offered as an additional language.

Technological expertise and usage of relevant ed-tech tools have made classes interesting and led to productive usage of time for synchronous and asynchronous learning.

Expertise on the Hybrid/Blended Mode of Learning has made the school all weather proof leading to zero learning time loss.

Identifying of Learning Gaps through technology based assessments have led to on-time remediation and led to equity in classrooms.

THE SUNBEAM SENIOR SCHOOL PRECEPT

Within the general framework of the CBSE programme and its holistic educational approach, classes IX and X go through the Comprehensive and Continuous Evaluation program.

Building on the foundations laid in the previous years, they aim to develop the knowledge, the study, research and critical thinking skills essential for a successful participation in classes XI and XII to appear for the CBSE board and preparation for medical and engineering. Children are offered a variety of subject combinations and optional to chart for themselves their preferred future course and professional journey.

LEISURE TIME ACTIVITY

Regular training by proficient trainers in an area chosen by the child himself / herself helps unearth the hidden talent and provide him / her a platform to gain recognition and confident galore.

Music instrumental and vocal, Elccution-Debating, Quizzing , Art and Craft and Painting, Electronics, Sculpture, Yoga, Recitation, Poetry writing, Story writing , Dance-Indian Classical, Indian Folk, Western and many more avenues are all there in the LTA buffet for a child to select and specialize.

(निःशुल्क विद्यालय)

वाराणसी से 10 कि.मी. की दूरी पर स्थित करसड़ा ग्राम, घाटमाली-पुनार मार्ग पर, सनबीम ग्रामीण विद्यालय करसड़ा का संभलन सनबीम विद्यालय समूह द्वारा किया जा रहा है। आज इस विद्यालय में 400 से ज्यादा ग्रामी छात्रों को निःशुल्क शिक्षा प्रदान की जा रही है एवं सगस्त छात्रों को सनबीम समूह द्वारा निःशुल्क पुस्तकें तथा यूनीफार्म भी उपलब्ध करायी जाती है। अपने घर और गाँव के समीप होने के कारण अनेक ग्रामीण इसका लाभ उठाते हुए अपने बच्चों को यहां प्रवेश दिलाने हैं और उन्हें उज्ज्वल भविष्य की ओर अवसर करते हैं।

विद्यालय समूह द्वारा उठाये गये इस कदम का ग्रामवासियों ने स्वागत किया है, साथ ही साथ गाँव में शिक्षा के प्रति लोगों की जागरूकता काफी बढ़ी है। छात्रों को शिक्षा के लिए अपने घर से दूर लम्बी दूरी तय नहीं करनी पड़ती है, साथ ही साथ उन्हें शिक्षा के वे सारे अवसर प्राप्त हैं जो आज शहरों में भी पायी है। लगभग 10,000 वर्गफुट में फैले प्राथमिक बलाबद में छात्रों को सभी विषयों के साथ-साथ विज्ञान व कंप्यूटर की भी शिक्षा दी जा रही है। विद्यालय में समय-समय पर विभिन्न प्रकार के कार्यक्रम तथा प्रतियोगिताओं का आयोजन भी किया जाता है। इन प्रतियोगिताओं और कार्यक्रमों में छात्र अत्यधिक उत्साह के साथ भाग लेते हैं।

विद्यालय समूह इस विद्यालय के विकास के लिए सतत प्रयत्नशील और अब वह दिन दूर नहीं जब यहाँ से शिक्षा प्राप्त करने वाले बच्चे बड़े से विभिन्न क्षेत्रों में कार्य करेंगे और विद्यालय का नाम रोशन करेंगे।

Beautification and Maintenance of certain portions of LAL BHADUR SHASTRI INTERNATIONAL AIRPORT, Varanasi

Under the CSR initiative, our students visit KUTUMB VILLAGE, BABATPUR, spreading knowledge and smiles amongst the underprivileged kids of the village. Spreading wrinkled smiles at ASHA BHAWAN OLD AGE HOME, our junior school visit the inmates regularly being their reason of sunshine.

Completing the Herculean Task of removing 25 ft. High mounds of silt with our Resources. Sunbeam Group of Educational Institutions gave ASSI GHAT in Varanasi its new face.
